# ‘Protecting Your Good Name & Credit Rating from *Identity Theft*’

The theft and misuse of personal financial information, including credit cards, Social Security numbers and bank account access, is the fastest-growing financial crime in the U.S. today. Identity theft can devastate not just your credit rating and bank account but tangle your life in legal complications and misunderstandings that persist for months or years.

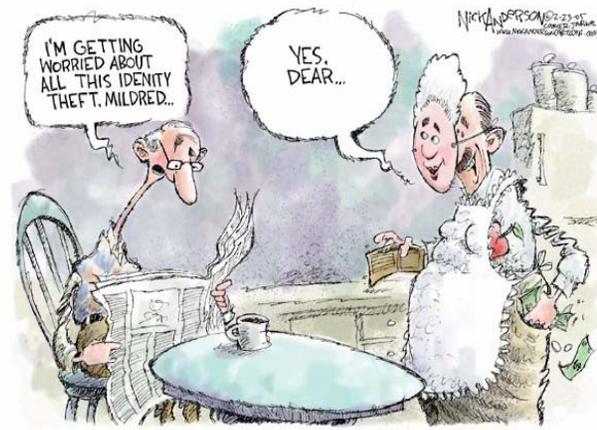

In this 40-minute informational seminar, you’ll learn:

What Identity Theft is and how it can happen to you.

Steps you can take now to protect yourself.

How businesses can defend themselves and their customers.

What to do if you believe you have been victimized.
